VyomGarud - Web Developer Intern Assessment

Deadline: 2 days from assignment (48 hours)

Expected effort: ~4-8 hours total

Contact for guidance: +91 8881444693

Brief - What to Build

Create a modern, responsive landing page for VyomGarud - a UAV / drone systems company with a military-grade, professional identity. The landing page should be clean, confident, and persuasive: think high reliability, precision engineering, and advanced autonomy. Use the competitor sites below for inspiration:

- https://onomondo.com/
- https://www.raphe.com/

Required Sections

1. Hero - Company name 'VyomGarud', tagline, CTA, and bold visual.

2. About - Short summary of VyomGarud's mission.

3. Capabilities / Products - 3-4 cards for offerings.

4. Highlights - 3 concise feature bullets.

5. Contact / Footer - Simple form or links.

Design and Technical Requirements

- Stack: React or Next.js

- Styling: Tailwind CSS preferred

- Aesthetic: Dark, modern, slightly military/futuristic

- Colors: charcoal, white, orange (#ff7b00)

- Fonts: Poppins, Inter, or Montserrat

- Subtle animations (CSS or Framer Motion)

- Deliverables: GitHub repo, README, screenshots, optional deployment link

Submission Checklist

- GitHub repository link

- README with setup and design notes

- Screenshot or GIF

- (Optional) Live demo link

- Progressive commit history

Evaluation Rubric (100 points)

- Design and Visual Quality: 30 pts

- Responsiveness and Layout: 20 pts

- Code Quality and Organization: 20 pts

- Brand Fit and Creativity: 15 pts

- Bonus or Extras: 15 pts

Tips and Encouragement

- Sketch a quick wireframe before coding

- Keep components reusable

- Use free assets if needed

- Focus on a single polished page

- Commit early and often

Timeline (48 Hours)

Day 1: Layout, hero, about, product cards

Day 2: Responsiveness, animations, polish, README, deploy (optional)

Good Luck!

We can't wait to see your take on VyomGarud. If anything is unclear, contact +91 8881444693. You have got this - build something bold and clean!
